

Bible Truths

Berean Preschool seeks to educate the spiritual development of preschoolers, while partnering with the home. We believe that it is foundational to a child's faith to know the characteristics and TRUTHS of God. Over a two year cycle, your preschooler will know 18 different Biblical, gospel-centered truths. Your child's teacher will use the Bible to teach various lessons to support these truths in a hands on learning environment. Families will be given resources to continue the conversation with their preschooler at home.
